

Brookshire Village Resident,

Article X of the Brookshire Village Covenants regarding Architectural control requires that all exterior addition to, change or alteration be presented to the Architectural Director in writing before any work begins.

The request must include the nature, kind, shape, height, materials, colors and location of the project. This includes but is not limited to exterior trim, siding and front door paint color.

All new and replaced fence must be approved by the Architectural Director. Also, roofing replacement must be approved. Such plans and specifications must include the color and composition of all exterior materials proposed to be used and any proposed landscaping.

The following information must be provided to begin the process. Additional information may be requested before approval can be granted.
